It instantly became my duty as the one
holding life in balance to insure safe
return to wondrous natural environment.
Carefully I slipped him back into the net
and on into the water. In less than a
minute, I tilted the net down at the rim
and with Ruger watched the majesty of
the magnificent once again become fee
to roam.

Antibiotic resistance occurs naturally, but misuse of antibiotics in humans and animals is accelerating the process. A growing number of infections - such as pneumonia, tuberculosis, gonorrhoea, and salmonellosis - are becoming harder to treat as the antibiotics used to treat them become less effective.

Antibiotic resistance - WHO | World Health Organization
