and wrong permeate everyday life. Ethics should concern all levels of life: acting properly as individuals, creating responsible organizations and governments, and making our society as a whole more ethical.

This document is designed as an introduction to making ethical decisions. It recognizes that decisions about “right” and “wrong” can be

Ethical decision making will be reserved for use in a group decision making context.

Specifically, we will address ethical decision making in business as providing the guiding requirements or goals for right conduct.

These requirements often come as the result of organizational definition, agreement, or long-standing custom.
