Grof created a new map of the human mind pointing to its many layers and the fact that psychedelics are unique in their ability to unveil the depths of the human psyche. Research into the health effects of psychedelics began in the 1950s, but came to an abrupt stop in the 1970s, mainly due to the media's focus on the substances' damaging, rather than the positive, effects.

Historically, depth psychology, was coined by Eugen Bleuler to refer to psychoanalytic approaches to therapy and research which take the unconscious into account. The term was rapidly accepted in the year of its proposal by Sigmund Freud, to cover a topographical view of the mind in terms of different psychic systems. Since the 1970s, Depth psychology has come to refer to the ongoing development of theories and therapies pioneered by Pierre Janet, William James, and Carl Gustav Jung as well as F

Know Thy Psyche - Exploring the depths of mental health

These ugly and frightening parts of ourselves are elements of the Shadow Self: the darker side of our nature. In the domain of psychology, renowned psychologist Carl Jung devoted a lot of thought to this problem of the "Shadow Self," being deeply invested in the research of ancient esoteric knowledge and spiritual scriptures to not only treat the mind of man but his Soul as well.

Shadow Self: How to Embrace Your Inner Darkness (3 ...

I act as a guide into the depths of psyche, into soul, and as a bridge to higher realms of spirit. I work with the subtle field of energy, the unconscious (both personal and collective), and the *imaginal* realm and I teach others how to access these deeper, more expanded, more reliable ways of knowing for themselves.

Obscure and fiery, these souls are exploring the depths of their own shadow. The shadow is ambiguous as we start the journey inward. I believe that most humans living on Earth today are exploring some dark themes, which include facing—and releasing—those demons to be integrated back into the Self. It takes courage to enter into those hidden parts of the mind, represented by the tiny arch ...
