### Robbing the Bees: A Biography of Honey - the Sweet Liquid ...

Honey has been waiting almost ten million years for a good biography. Bees have been making this prized food -- for centuries the world's only sweetener -- for millennia, but we humans started recording our fascination with it only in the past few thousand years. Part history, part love letter, Robbing the Bees is a celebration of bees and their magical produce, revealing the varied roles of bees and honey in nature, world civilization, business, and gastronomy.

### Robbing the Bees : A Biography of Honey--The Sweet Liquid ...

In ROBBING THE BEES, author Holley Bishop, herself an amateur bee keeper for six years, has penned an eminently readable and loving tribute to bees, honey, and beeswax. While not a thriller, nor perhaps one you can't put down, it is at the top of the genre of books that teaches us a little bit about the world we inhabit, and which focuses on a subject about which the reader likely gives little thought.
