A simple book written to show a different perspective on land use. Like most city people, the main character doesn't consider an "empty lot" to serve any purpose. After examining the "empty lot," he realizes that all types of life are on his now occupied lot. A good book for showing that humans aren't the only life that need this earth.

The book las an easy read - 200+ pages and written in a very relatable story we can all recognise. The parctical stratgies at the back of the book on how to work through the 5 dysfunctions is very helpful. I suppose the biggest compliment I can pay the book is that I have recommended it to friends and they have came back raving about it.

I would have thought that if you planned to play with other people in a session type situation, that fife mightn't be the best choice! There is a good reason why it has a military & marching band background. BTW, there is an excellent book on the Fife & Drum tradition of Orange marching bands in Northern Ireland by Gary Hastings.
